Town Board Report – October

When I first visited each group the lack of communication was a big issue. To continue to improve this issue:

1. I started a President's newsletter that will go out every other month. The first one went out late September. It will be used as a sharing tool. I will report on what I have been doing and share what each group has been doing. (speakers – trips – etc.) The first one was well received.
2. Every other month on face book (and we are Warwick) I post a listing of all groups – when they meet and contact numbers of presidents and mine. We have 7 new members because of this (2 Florida, 1 Pine Island, 4 Warwick). I continue to get approx. -4 – 5 phone calls a month inquiring about our groups.
3. I have been encouraging members to use the Greenwood Lake Senior Center which they can attend as well as their own weekly group. A few have been going for chair yoga classes and bingo.

Akin Pharmacy came to each group that wanted flu and covid shot (1 group never got back to me) but Akins gave out approx. 50 shots to group members. This is important because many did not want to or because of age could not stand in a pharmacy line and wait for their shots. It helped get seniors vaccinated without having to make a doctor's appointment for just a shot. Akins also went to Liberty Greens and Burt Farms.

A defensive driving course is being offered at the Good Shepherd Lutheran Church, Warwick in October. I sent flyer to all groups, and we have about 7 or 8 seniors that will participate.

On October 29, I will be a guest at the combined Florida 3 groups luncheon. I will be able to relax and talk with the 3 senior groups that meet together about 4 times a year.

The next newsletter will be ready end of November. I will be visiting all groups for the holidays and will hand out the newsletters then. I am looking forward to visiting each group about 3 –4 times a year.

Respectfully Submitted

Judy Quackenbush

Subject: Scout Camp Out at MLP

Importance: High

Hi Jesse,

The Warwick Cub Scouts and Boy Scouts, Pack 177 and Troop 38, would like to camp out at Mountain Lake Park this Friday night, October 26th. They have insurance and have completed the park use application.

Can the Town sponsor this camp out for the scouts? These are two groups that have helped with garbage clean-up at the park and also clearing the trails.

Thank you,

Sam Walter

Re: Existing Outdoor Swimming Pool Modifications
& Proposed Outdoor Wading Pool
Mountain Lake Park
46 Bowen Road
Town of Warwick
Orange County

Mr. Dwyer:

In pursuance of our discussions, I propose to offer the following engineering services towards obtaining approval from the Orange County Health Department (OCHD) for the desired modifications to the two outdoor commercial swimming pools at the above noted location. These modifications are intended to repair/replace the deteriorated pool coping and the damaged portions of the coping/pool wall interface in both pools. A rehabilitation of the mechanical room serving the two pools will also be designed to provide a Code compliant recirculation system, which will improve water quality, reduce maintenance efforts and increase operational efficiencies.

The anticipated scope of work includes:

- Preparation of existing pool area plan
- Preparation of pool geometry plan
- Layout and analysis of all relevant existing pool features (skimmers, returns, main drains, markings, etc.)
- Selection and analysis of replacement pool mechanical equipment, including recirculation pump, filter(s), disinfection system, as well as all required accessory gauges and meters.
- Design of new mechanical room/area equipment layout
- Hydraulic design and analysis of piping system based upon observable portions of the plumbing and record plans
- Detailed design plans for the above, suitable for Health Dept. approval
- Preparation of Engineer's Report
- Coordination with Town to obtain and evaluate contractor bids
- Coordination with pool contractor, as needed
- Performance of two construction duration inspections
- Provision of Engineer's Certification of Completed Works to OCHD

It is understood that all non-visible aspects of the pools included in the design/analysis will be based upon visible portions of the plumbing and the provided record documents.

Additionally, a design will be prepared for the construction of a new wading pool to be located adjacent to the two existing pools. The pool will be a steel reinforced gunite pool, approximately 540 square feet. The pool will include a beach entry and have depths ranging from 0" deep to approximately 18" deep. The final dimensions and depths will be finalized with you during the design process.

The anticipated scope of work includes:

- Preparation of basic site plan limited to the area of construction, based upon reference plans (site plan) provided by owner.
- Preparation of pool geometry plan
- Layout of all pool features (skimmers, returns, main drains, markings, etc.) in compliance with NYS Health Code
- Layout of required pool piping
- Selection and analysis of pool equipment to include recirculation pump(s), filter(s), disinfection system and heater (if requested)
- Design of mechanical area and equipment incorporating the above equipment and required accessory valves, gauges, etc.
- Schematic layout of proposed equipment room
- Hydraulic design and analysis of piping system
- Detailed design plans for the above, suitable for Health Dept. approval
- Preparation of construction details and specifications for pool deck, pool coping, and pool walls
- Preparation of Technical Specifications
- Preparation of Engineers Report
- Coordination with pool contractor, as needed
- Performance of up to 6 construction inspections, as needed (plumbing inspection, shell inspection, final punchlist inspection, joint final inspection with OCHD)
- Preparation of Certificate of Completed Works to OCHD

Work specifically excluded from this proposal includes but is not limited to:

- Approvals or permitting required from any agency other than the OCHD
- Design of, or permitting for receiving system for pool discharge
- Design of, or permitting for receiving system for pool fresh water supply
- Architectural or structural design of wading pool mechanical building
- Construction activities other than the above noted inspections
- Project related fees and/or expenses (i.e. application fees, reproduction fees)
- On site surveying or mapping, site testing and /or evaluation
- Redesign due to change of project scope
- Any other work not specifically identified as "included" above

The fee for the project outlined above will be \$20,000. Payment will be required as follows:

- A \$5,000 retainer will be required prior to project commencement.
- A \$10,000 payment will be required upon receipt of Health Dept plan approval.
- A \$5,000 payment will be required upon provision of Certification of Completed Works.

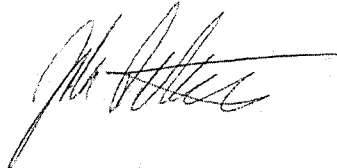

Additional inspections, if any, not identified above as included, will be billed at a rate of \$750 per inspection. Although not anticipated, should any additional work be required, it will be performed at either an hourly rate of \$225 or a lump sum fee, to be agreed upon prior to the commencement of work.

Should the project be terminated for any reason prior to completion, work completed will be billed on a percent complete basis. Checks will be an acceptable form of payment and should be made out to John Petroccione.

All correspondence can be sent to me at
John Petroccione, P.E.
129 Neptune Drive
Monroe, NY 10950

I look forward to working with you towards the successful completion of your project.

Very Truly Yours,

John Petroccione, P.E.

I, the undersigned, request that the work described above be performed on my behalf and agree to the terms described herein.

ORANGE COUNTY GENERAL ELECTION NOVEMBER 5, 2024

CONDADO DE ORANGE ELECCIÓN GENERAL 5 DE NOVIEMBRE 2024

Instructions to voters

- Mark the oval to the left of the name of your choice.
- To vote for a candidate whose name is not printed on the ballot print the name clearly in the box labeled 'write-in', staying within the box.
- Any mark or writing outside the spaces provided for voting may void the entire ballot. The number of choices is listed for each contest. Do not mark the ballot for more candidates than allowed. If you do, your vote in that contest will not count. If you make a mistake, or want to change your vote, ask a poll worker for a new ballot.

Instrucciones para los votante

- Llene el óvalo que está a la izquierda al nombre del candidato.
- Para votar por un candidato cuyo nombre no está en la papeleta, escriba el nombre claramente en el espacio blanco.
- Cualquier otra marca, mancha o borradura en la papeleta fuera de los óvalos o espacios en blanco provistos para votar anula la papeleta entera. No vote por más candidatos de los provistos en la papeleta. Si selecciona un número de candidatos más que el número de vacantes a llenar, su voto será nulo. Si necesita una papeleta nueva, pídale otra al trabajador electoral.

**Proposal number one, an Amendment
Propuesta número uno, una Enmienda**

**Amendment to Protect Against Unequal Treatment
Enmienda para Proteger Contra el Trato Desigual**

This proposal would protect against unequal treatment based on ethnicity, national origin, age, disability, and sex, including sexual orientation, gender identity and pregnancy. It also protects against unequal treatment based on reproductive healthcare and autonomy.

Esta propuesta protegería contra el trato desigual basado en la etnicidad, el origen nacional, la edad, la discapacidad y el sexo, incluida la orientación sexual, la identidad de género y el embarazo. También protege contra el trato desigual basado en la salud y la autonomía reproductiva.

A "YES" vote puts these protections in the New York State Constitution.
Un voto "SÍ" coloca estas protecciones en la Constitución del Estado de Nueva York.

A "NO" vote leaves these protections out of the State Constitution.
Un voto "NO" deja estas protecciones fuera de la Constitución del Estado.
