NEW BUSINESS / RESOLUTIONS:

#R2025-109 SEQRA NEGATIVE DECLARATION RESOLUTION- FACILITATE THE PROVISION, MAINTENANCE OR IMPROVEMENT OF THE TOWN PARK KNOWN AS MOUNTAIN LAKE PARK

Motion to adopt the following resolution:

WHEREAS, the Town Board of the Town of Warwick is considering certain improvement to town parkland property known as Warwick Lake Park including but not limited to site drainage improvements along with miscellaneous site improvements in areas surrounding the existing Administration Office and Arts Building on the site. Drainage improvements including installation of new catch basins, swales, culvert pipes an outlet structures. Site improvements include install of new asphalt parking spaces a new site retaining wall, site grading, replacement of small concrete pads and walkway along the building perimeter and exterior waterproof measures along the building's foundation (hereinafter the "action" or "proposed action").

WHEREAS, the New York State Environmental Conservation Law and the regulations of the Department of Environmental Conservation as contained in 6 NYCRR Part 617 require review of the possible environmental consequences of the proposed action under consideration by the Town Board, and

WHEREAS, the Town Board has considered the nature and impact of the proposed action, and has reviewed an Environmental Assessment Form prepared by the attorney for the town,

NOW, THEREFORE, IT IS RESOLVED, that Town of Warwick Town Board hereby declares and is the Lead Agency with respect to the environmental impact review of the action, as defined in the State Environmental Quality Review Act and its regulations, and it is further

RESOLVED, that the Board hereby finds and concludes that the action is an Unlisted Action as defined in the State Environmental Quality Review Act and its regulations; and it is further

RESOLVED, that the Board of Trustees further finds and concludes:

- (a) the performance of the action would facilitate the provision, maintenance or improvement of the town park known as Mountain Lake Park**
- (b) the Board has considered the following factors and makes the following conclusions in respect to its review of the environmental impacts of the proposed action:**

- (i) the proposed action would not result in any substantial adverse change in existing air quality, ground or surface water quality or quantity, traffic or noise levels, nor any substantial increase in solid waste production, nor create a substantial increase in the potential for erosion, flooding, leaching or drainage problems;**
- (ii) the proposed action would not result in the removal or destruction of large quantities of vegetation or fauna, substantial interference with the movement of any resident or migratory fish or wildlife species, impacts on a significant habitat area, substantial adverse impacts on a threatened or endangered species of animal or plant, or the habitat of such a species, or other significant adverse impacts to natural resources;**
- (iii) the proposed action would not impair the environmental characteristics of any Critical Environmental Area;**
- (iv) the proposed action would not conflict with the community's current plans or goals as official approved or adopted;**
- (v) the proposed action would not impair the character or quality of important historical, archeological, architectural or aesthetic resources or of existing community or neighborhood character;**
- (vi) the proposed action would not result in a major change in the use of either the quantity or type of energy;**
- (vii) the proposed action would not create a hazard to human health;**
- (viii) the proposed action would not create a substantial change in the use, or intensity of use, of land, including agricultural, open space or recreational resources, or in its capacity to support existing uses;**
- (ix) the proposed action would not encourage or attract large numbers of persons to any place for more than a few days, compared to the number who would come to such place without such action;**
- (x) the proposed action would not create changes in two or more elements of the environment, no one of which would have a significant impact on the environment, but when taken considered together would result in a substantial adverse impact on the environment;**
- (xi) the proposed action would not create substantial adverse impacts when considered cumulatively with any other actions, proposed or in process;**
- (xii) the proposed action would not result in substantial adverse impact with respect to any relevant environmental consideration, including noise, aesthetics, traffic, air quality, water quality or adequacy of water supply, drainage, soil conditions, or quality of life in the community in general and the immediate neighborhood in particular;**
- (xiii) the proposed action would enhance the protection of the environment and reduce density in the applicable zoning districts;**
- (c) the proposed action would not have a significant adverse environmental impact, as a result of which this Negative Declaration is appropriate;**
- (d) no further environmental review is required with respect to the proposed action, and**

(e) the Supervisor, or his designee, is authorized to complete the Environmental Assessment Form prepared by the attorney for the town in relation to this proposed action in a manner consistent with the foregoing findings and Negative Declaration

Attachments: 1 March 2025 _ Elizabeth Holley.pdf; 5 April 2025 _ Sue Gardner.pdf

Good Afternoon,

Please find attached the program flyers for March 1st and April 5th that Orange County Genealogical Society (OCGS) will be holding.

March 1, 2025 Elizabeth Holley will be doing a presentation on "Women Spies of the American Revolution"

April 5, 2025 Sue Gardner will be doing a presentation on "They Also Served: An Orange County Militia Revolution"

Please feel free to share with your friend and family.

Thank you,

“Women Spies of the American Revolution”

Presented by: Elizabeth Holley

“Women Spies of the American Revolution” is a presentation that takes us to a time when women were silent, unassuming, and in the background. But these traits are the very reason that women were successful spies! Join us and learn about “her-story”.

**This program is free and open to the public.
Research Room will be open after our program.**

“They Also Served: An Orange County Militia Revolution”

Presented by: Sue Gardner

Town of Warwick Deputy Historian Sue Gardner will present the story of Orange County's 4th Militia Regiment under the command of Gen. John Hathorn during the Revolutionary War.

Using primary sources such as pension application accounts, Gardner will show that contrary to common assumptions that militia regiments were primarily engaged in local guard duty, these citizen soldiers were sent far and wide to fill in the ranks, participated in most of the major battles of the lower and Mid-Hudson, and provided essential support services for the Continental Army.

CERTIFICATE OF RECORDING OFFICER

The undersigned hereby certifies that:

1. She is the duly qualified and acting Clerk of the Village of Florida, New York (hereinafter called the "Village") and the custodian of the records of the Village, including the minutes of the proceedings of the Board of Trustees; and is duly authorized to execute this certificate.
2. Attached hereto is a true and correct copy of the minutes of the Meeting of the Board of Trustees of the Village of Florida held on the 15th day of January, 2025.
3. Said meetings were duly convened and held, and said resolution was duly adopted in all respects in accordance with law and the regulations of the Village. To the extent required by law or said regulations, due and proper notice of said meeting was given. A legal quorum of members of the Board of Trustees was present throughout said meetings and a legally sufficient number of members voted in the proper manner for the adoption of the resolutions. All other requirements and proceedings under law, said regulations, or otherwise, incident to said meeting and the adoption of the resolution, including any publication, if required by law, have been duly fulfilled, carried out and otherwise observed.
4. The seal appearing below constitutes the official seal of the Village and was duly affixed by the undersigned at the time this certificate was signed.

IN WITNESS WHEREOF, the undersigned has hereunto set her hand this 21st day of January 2025.

Lisa A. Alzo, M.F.A., is a freelance writer, instructor, and internationally recognized lecturer, specializing in Eastern European research and writing your family history. She is the author of eleven books and hundreds of magazine articles. Lisa works as an online educator and writing coach, and developed the Eastern European Research Certificate Program for the International Institute of Genealogical Studies. Visit <https://www.lisaalzo.com> for more information.

"Ten Things Every Eastern European Genealogist Should Know"

Learn how to maximize your Eastern European genealogy research with the ten key things to know before you even begin. Topics to be addressed: Tips for planting your family tree online, determining names and places, pinpointing places, the best online databases for getting what you need and practices for citing sources and recording information, and what to expect when you cross the pond.

"Make Those Skeletons Dance: Exploring Your Family's Dark Side"

How well do you really know your ancestors? Most of us want to believe our ancestors were hard-working, noble, or "salt-of-the-earth" types. We want to like them, and even brag about them. However, the reality is that if we go back far enough, we all can dig up a few proverbial "skeletons in the closet." The horse thief, the philanderer, the murderer! Oh my! Genealogy is one of the most unpredictable activities you'll undertake, and when you start digging into your family's past, "You never know what you're gonna get." If you suspect a few black sheep lurking in your family tree, this session will show you, with examples, how to hunt them down, bust through the speculation, and tell the real story.

"Immigrant Cluster Communities: Past, Present and Future"

There are a handful of "cluster" immigrant communities throughout the United States that blossomed during the immigration influx of the late 19th and early 20th centuries. Exploring "cluster genealogy"—the process of researching those relatives, friends, and neighbors who lived near an ancestor—can often break down brick walls in the search for individual family lines and help to place our ancestors' lives in historical context. For those descendants who've moved away from such traditional immigrant enclaves, 21st-century technology can be used to rebuild "cluster communities" in the virtual world. This lecture will cover: How to identify chain migrations/cluster communities using key records; ways to share and collaborate with other researchers, and the benefits, pitfalls, and obstacles associate with a shift to "virtual" cluster communities; and how to use tools such as social networking sites, Wikis, etc. build online genealogical communities.

TOWN OF WARWICK
TOWN CLERK

Dear Supervisor Dwyer,

We are writing to tell you about Greenwood Lake Theater's upcoming New Works Festival, and to request your consideration for the Town of Warwick to sponsor this project through donation of the indoor theater space at Mountain Lake Park.

The New Works Festival is a project that we are very excited to undertake and share with our community. It can be very challenging for unknown playwrights to find a home for their work. Greenwood Lake Theater is offering three playwrights the opportunity to have a short workshop for their play (so that they may address trouble spots), followed by a public performance of the play. These will be staged readings (actors will have scripts in hand), but produced fully enough so that the playwright and audience gets an idea of how a full production might look. Each play will have lighting, sound, costume, and props, as well as small set pieces.

These performances will be free for the community to attend, and each play will be followed by a talkback session. We want for the community to truly feel like a part of the process, and their feedback is invaluable to the playwright, as well as to us!

We were overwhelmed to have received 350 play submissions for this festival! They were read and scored by an external panel, and then three finalists were selected by a small committee. We are so excited to be able to share these three amazing shows with everyone. We have scheduled two plays to be performed in March, and one to be performed in May.

We would be so grateful if the Town of Warwick would help to sponsor this project through donation of the indoor theater space at Mountain Lake Park for the following dates: March 7-9, and May 3-4. We appreciate your consideration of this request, and want to extend our thanks for your continued support of Greenwood Lake Theater having a home at Mountain Lake Park.

Best Wishes,

Katherine Weatherford

Dear Municipal Official:

For many years, UDIG-New York has hosted free, in-person and virtual Excavator Safety Seminars around the state. These seminars provide new insights regarding safety related to underground facilities.

UDIG-New York will be hosting a series of convenient **Safety Kickstart** sessions this year. The training will refresh your knowledge of NYS Code Rule 753 and safe digging best practices before the busy construction season.

The virtual sessions are Certified Excavator Program renewal events and there are several Safety Kickstarts scheduled for the month of March.

- **March 4, 2025 at the Newburgh Armory, 321 South William Street, Newburgh, NY**
- **March 13, 2025 at the Sparrowbush Fire Department, 79 Main Street, Sparrow Bush, NY**
- **March 18, 2025 at the Rockland Fire Training Center, 35 Firemens Memorial Drive, Pomona, NY**
- **March 27, 2025 at the Walkill Golf Clubhouse, 40 Sands Road, Middletown, NY**

Advanced registration is required, and each attendee must register individually to receive credit for the course. To register, go to the Coursettra Portal login: [Login \(udigny.org\)](#). To view the upcoming events, go to <https://udigny.org/get-involved/upcoming-events-training/>. Check in often for all the upcoming events, including in person sessions to be held in March. Please contact John Yehl, your UDIG-New York local field representative for assistance at jyehl@udigny.org.

Hitting and damaging underground lines can result in death, injury, fines, arrests, property damage and sizeable repair bills. Our colleagues at UDIG-New York are committed to producing compelling educational damage prevention sessions. Please consider having your municipal crews and excavators you work with attend. It'll be time well spent.
