To our neighboring clerk's office,

We are trying to raise the community's awareness of this local historic property. Please consider posting our schedule somewhere prominent to share this season's schedule with any community members, particularly those interested in local history.

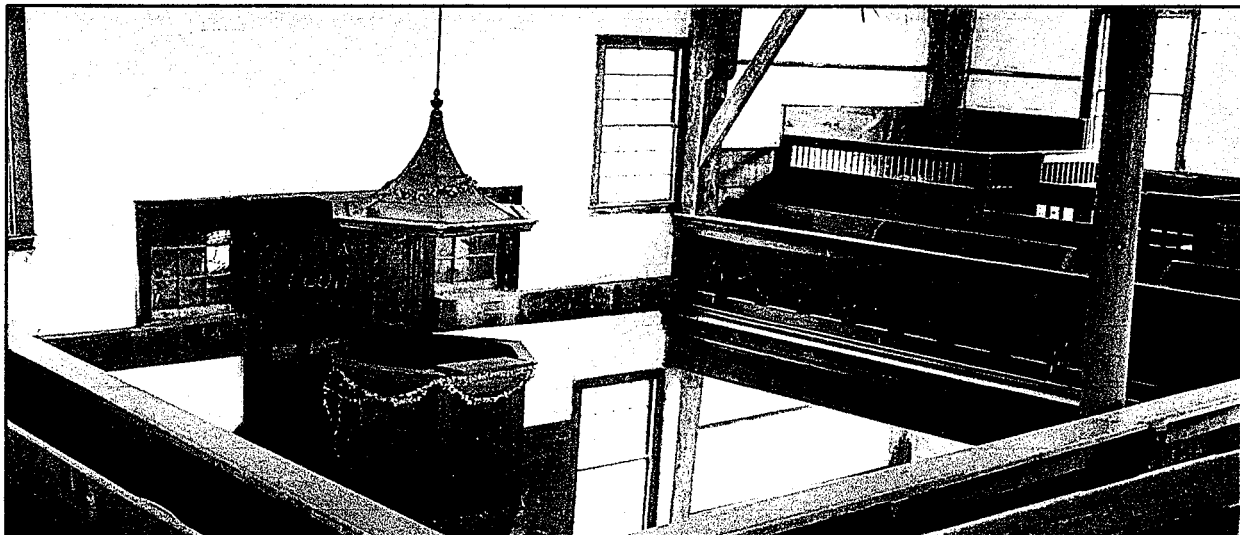

Built in 1792, Slate Hill OSB is a local historic church whose congregation disbanded roughly a century ago. Because of this, it hasn't received any modern improvements such as lighting or plumbing, and has been recognized for its historic significance through its listing on the National Registration of Historic Places.

Feel free to discover more about this historic building at [www.SlateHilIOSB.org](http://www.SlateHilIOSB.org).

Thank you very much,

*Debra S. Traini*
