TOWN CLERK'S REPORT

1. We are in desperate need of election inspectors this year for the election coming up on November. The Board of elections is seeking Orange County registered voters who wish to work as Election Inspectors for the upcoming General Election held on November 6th. We are hoping that you can also reach out to your friends and family to work as well. The training classes will be held at the Board of Elections office located at 25 Court Lane in Goshen, Thursday, November 1st from 2-4 or 6-8 p.m. and Saturday, November 3rd from 9:30 a.m. until 11:30 a.m. remember to go out and vote, it's November 6th we need your help and you can earn \$225 a day and you get paid \$25 to go to the class for a total of \$250.

Councilman Gerstner – We need inspectors at Kings School, Albert Wisner Library and Sanfordville School. Any help would be greatly appreciated. The Board of Elections needs help for the elections.

SUPERVISORS REPORT

1. The 2019 Preliminary Budget was presented to the Town Clerk and is available for viewing in her office or on line at the town's website at townofwarwick.org. we've cut approximately 1 million dollars from the tentative budget which is the budget proposed to us in the beginning as we collected requests from departments. Our mandatory health insurance and retirement contributions are 10 and 16% respectively. The health insurance alone takes the tax cap and that's the issue for us. The Board as we went over the budget focused on public safety and infrastructure investments and we think we've funded those adequately, but not excessively. As presented the budget reflects an increase of about \$16.50 for the average house if you are in one of the villages because you only pay a portion of the town budget you don't pay for services your villages taxes do. It will work out to be \$50 for the average house in the Town of Warwick. The hearing on the budget will be in this room on November 1st at 7:00 p.m. If you have questions there we will have a presentation of the budget the individual amounts.

2. This website WWW.ConnectMidHudson.com is a transportation study being funded by a federal highway transportation money monitored by Orange County but is in conjunction with the three counties of Orange, Putnam and Dutchess. They have a survey at this website connectmidhudson.com and they're interested in people's impressions of

transportation needs around the three counties. If you can take time to look at that it would be a great thing.

3. The West of Hudson Unit Management Plan, I attended a meeting of the New York State DEC in New Paltz on October 17th where they presented their draft West of Hudson Unit Management Plan. This is a plan for them to monitor and maintain and improve state lands within the West of Hudson Unit and that includes two properties in Warwick. One is the Hawks Watch on top of Mt. Peter and the other one is the Pochuck Reserve off of Liberty Corners Road in Warwick. This is a 10-year plan with a layout of things that they want to do and improvements they want to make. They don't really fund it but they say this is what we want to do if we find funding for these projects. The one on Pochuck Mountain they are talking about blazing in a new trail and having a very simple campsite. The Hawks Watch they are talking about eventually replacing the viewing platform that's there and that's really all, it's a small facility.

4. The Town will impose Halloween Curfew on the evening preceding Halloween and Halloween Eve and it helps keep things under control a little bit. We use to have a lot of trouble with folks coming in from out of town and going into some of the neighborhoods. This has made it a little bit more enjoyable for local residents. This is in conjunction with the village one as well. The village will be holding their Halloween Parade on the 31st with a 4:30 p.m. line up and 5:00 p.m. which will go down to Rail Road Green and will start at the Lewis Park and go down to Railroad Avenue, where they will be judging Halloween Costumes.

5. Journal entries were made with the Comptroller and they are all in order. Our New York State Controller's office audit wrapped up today to let the Board know. We should be getting a draft report in the next 6-8 weeks and we will have an opportunity to address any issues. We did get complimented on all of the departments how organized they were and the information that was requested as the audit progressed was presented on a timely manner. The Auditor was very impressed with that, so good job by all of the departments heads and their employees.

6. Supervisors Corner is published each week in the Warwick Dispatch, with excerpts printed in the Warwick Advertiser.
